Wrap4aSmile Foundation Inc  
773 Eight Street  
Secaucus, NJ 07094

Dear Kevin,

On behalf of the Child Life Department at the Bristol-Myers Squibb Children's Hospital at Robert Wood Johnson University Hospital, I would like to express my deepest thanks to you for the Wrap4aSmile bags your foundation donated for our patients and families.

As you may know, hospitalization can be emotionally challenging for children. Our children's hospital admits a variety of patients with acute or chronic conditions, some of whom remain hospitalized for long periods of time. Your thoughtfulness in supplying these wonderful bags filled with personal hygiene items and gift items is much appreciated by the families. It was a pleasure meeting you when you came to make the donation. I really enjoyed hearing your stories about the many people your foundations have helped. The work you do is truly inspiring and I wish you the best of luck as you continue to provide support to the many people your foundations serve.

Your thoughtfulness is truly appreciated by all of the patients, parents & staff of the Children's Hospital. Thank you again for your kindness. Have a happy New Year!

Sincerely,

Jennifer Rushnak, CCLS  
Child Life Specialist
