

Dear Operation Shoebox Volunteers

On behalf of myself, SPC Rebeckah Camp, and the 150 Soldiers of A Co 82nd BSB out of Ft. Bragg, NC We would like to take a moment to thank you for what you've done. I recently took it upon myself to enter our entire company into your program. Little did I know that we would receive so much. 3 weeks later and nearly 200 hand-made, hand-packed bags later we have nothing but gratitude and the deepest respect for your association and all of your volunteers. The intent of enrolling in this was to afford soldiers not receiving any mail from home the opportunity to know "Someone" out there cares. As you know morale and spirits can get down out here and gestures such as this help immensely. You and others alike are what help so many of us make it through out here. If you only knew

---

the impact a little gift can have on the heart and mind, then you might be able to grasp what it is you really do. There is no Thank You large enough. We truly appreciate what you've done. We will proudly fight for you.

Thank you from the bottom of our hearts. A Co 82nd BSB

SPC (AMO) Rebeckah (POC)
