Subject: Thank You!!!

Dear Ms. Wolf,

I am a rifle platoon leader with the 50th Infantry Brigade Combat Team. Looking through my company's MoraleWelfareRecreation room I noticed the care packages sent by your group. Thank you most sincerely on behalf of my platoon and company for your generous and selfless sharing!!! The items are packed with such care and attention; your commitment to us really shows. What you picked out also communicates real interest in our health and comfort. I know it's been a little while since Christmas but this is my first chance to see some of the gifts we have received.

The time and energy you have spent is obvious. We are truly grateful! You may have already been contacted by other soldiers from my unit but I did want to be sure to express some appreciation myself. With all the great things you sent, you know I'm using the plastic bags as well. Just like kids at Christmas, sometimes the box is as good as the toy! Thank you again and God bless you!!
